

REQUEST FOR Letters of Interest (RFLOI): Trauma-Informed Learning Collaborative

QUESTIONS AND ANSWERS

Posted: March 10, 2021

What is meant by “owned and lead”? As a nonprofit, we don’t have an owner—are nonprofits excluded because they don’t have owners? Or would the board of directors be used instead of owners?

Nonprofits are eligible to apply. The intent of this eligibility criteria is to prioritize organizations that are owned and/or led by people who have historically not had the same access to opportunities like this. Nonprofits can use a combination of the leadership of their boards and the leadership of their organization to determine whether the majority of their organization is led by people who fit into this group.
