

REQUEST FOR PROPOSALS (RFP): *Electronic Pill Dispenser Project*

Pre-Proposal Conference Held: June 23, 2023 | 1:30 p.m.

BHSB Facilitators:

Kelsi Loos, Procurement Lead

Kisha Winston-Watkins, Project Lead

QUESTIONS AND ANSWERS

Posted: June 30, 2023

Do the electronic pill dispenser boxes have to come from MedMinder?

Yes.

Please clarify the overall goal of the project.

This project will improve adherence to a methadone regime, thereby reducing the chance of overdose and missed doses.

Will methadone be sent to the OTPs?

No. This is geared toward traditional methadone programs with their own supplier.

How will applicants demonstrate the required two years of operation as an OTP?

Applicants should state the number of years they have been operating in the narrative section of the RFP. Additionally, they must upload a copy of their license.

Please be aware that this project is funded through a State Opioid Response grant. Therefore, providers will be required to meet the reporting requirements of the Government Performance and Results Act (GPRA).

This grant is for OTPs.
